PLAN A SPECIAL PARTY FOR VFF USA

Instead of traditional gift giving, this holiday season create an opportunity to build a home in rural India for a family in need.

Your generosity for the holiday season can change lives. Beyond your party try a raffle, Zumba night, or office event with a purpose.

SHOW THE IMPACT

At least 636 million Indians lack toilets, according to the latest census data, a crisis that contributes to disease, childhood malnutrition, loss of economic output and, as highlighted recently, violence against women.

There are few organizations like VFF with the expertise necessary to build low-cost, environmentally sound and user-friendly toilets.
